

MANUFACTURING QUIZ

BACKGROUND

Tighten your (seat)belts to press the buzzer! If you know it and dare to speak, then this is the event for you. Come be a part of this event to showcase your manufacturing knowledge. Teams of 2-3 are allowed. The participants have to go through a written quiz first which would include

questions about various manufacturing processes as well as aptitude. Shortlisted teams would then compete in the buzzer round. The faster the buzzer sounds, more the questions one can answer; mind the negative marking! Teams with highest marks in the buzzer round wins irrespective of their written quiz marks. Cash prizes will be awarded along with Certificates.

OBJECTIVE

It will be quiz based on the technical know-how of manufacturing and process involved in it. The quiz will be of three rounds with each round being more tough and decreasing teams. Audio visual as well as live model questions can be asked as part of the quiz.
